

Postdoc position

is available in the THz Spectroscopy group (<http://lts.fzu.cz/>) at Institute of Physics Czech Academy of Sciences, Prague, Czech Republic.

Project:

Imaging and time-resolved spectroscopy with THz-SNOM

The work will involve installation of an THz-SNOM device, its adaptation to optical pump – THz probe experiments and spectroscopy of photoconductivity in individual semiconductor nano-objects.

Applicant: Ph.D. degree in the field of physics. Experimental skills are required. Previous experience in THz and/or ultrafast spectroscopy and/or with building of optical setup is highly welcome.

Conditions: The position is initially opened in September 2018 for one year with possible extensions up to 2 years. The offered salary is 40 000 CZK/month representing a competitive postdoc salary in science in Czech Republic.

Applications: e-mail a motivation letter, CV, list of publications, and recommendation letter(s) to Petr Kužel (kuzelp@fzu.cz). Selected candidate(s) may be invited to present a seminar in Prague.

Further information: Petr Kužel (kuzelp@fzu.cz), tel. (+420) 266 052 176
